

BROOKLYN GROUP / PALERMO COLLECTION

FRAME

The Brooklyn group is made of very durable European Hardwoods, Spruce and Beech. We wrap the frame with additional foam padding which will make the sides and backs very soft to the touch.

SUSPENSION

We incorporate nine gauge sinuous **NO SAG** springs in the seating deck of this group. This is a very heavy gauge spring. You will find that each seat will have five springs stretched two inches apart, which will give the consumer years of strength and durability.

SEAT CUSHIONS

The seat cushions are loose and are composed of a "down blend" combination of foam, super soft Dacron fiber and down. You will find these seat cushions to provide maximum comfort and support. The seat cushions also are "**self adjustable**" for comfort and individual pitch preferences.

BACK CUSHIONS

The back cushions are fixed (sewn in). You will find the back cushions to be very soft and comfortable as we fill them each completely with 100% super soft Dacron. You will discover that this material will envelope you and hold consistency year after year.

LEATHER

We only use 100% GENUINE Italian leather on all of our collections. We stock the Brooklyn group in a beautiful 2549 Crimson color. This leather has so much character. The classic red color is so striking, and is so buttery soft with beautiful color movements throughout. The leather is semi aniline, which means we incorporate a polyurethane protective finish in addition to beautiful, colorful character.

KEY POINTS

This group was our first that lends itself to a more classic contemporary arm but still works very well in any décor. It is accented with small soft all leather throw pillows that come with both the sofa and loveseat. You will also note that the lines of the design are pure especially from the side. You will find very soft tufting that enhances the look.
