

CHELSEA SECTIONAL / CHARLESTON COLLECTION

FRAME

The Chelsea sectional is made of **SOLID HARD ROCK** maple. This is one of the hardest woods known and is considered to be the elite in furniture framing. You will also find that the frames are double padded inside and outside. The Chelsea sectional also has an adjustable leg that allows you to adjust the seat height of the sectional

SUSPENSION

We incorporate **EIGHT** gauge sinuous **NO SAG** springs in the seating deck of this group. You will find that there are five springs under each seat that are stretched two inches apart which will no doubt last many, many years to come.

SEAT CUSHIONS

The Chelsea sectional has an outstanding seat cushion. It is composed of 100%, 2.0 polyester foam. You will find that each cushion does not only have a dacron topper but is **FULLY** encased in super soft dacron which is for softness and durability. The seat cushions are fixed (sewn in).

BACK CUSHIONS

The fixed (sewn in) back cushions are also 2.0 density (highest quality) polyester foam. They are also completely encased in a super soft dacron wrap. The back cushions are "**self adjustable**", which means they are made 10 inches thick at the bottom which allows the consumer to apply their on body weight for comfort. It does not matter if you are tall or short, you control the comfort. You will not have a hollow spot at your lower back no matter how tall or short you are.

LEATHER

We only use 100% **GENUINE** Italian leather on all of our collections. The Chelsea sectional is only available in 2580 Vanilla. This is a very versatile leather, which will fit most any décor. This leather is semi aniline which means we incorporate a polyurethane protective finish in addition to beautiful, colorful character.

KEY POINTS

The Chelsea sectional is available with the chaise on the right side or the left side. The tufting adds a unique touch on the back and the seating. The adjustable back cushion as well as the adjustable leg, which adds or subtracts seat height makes the Chelsea very attractive. The lifetime warranty of the frame and suspension also add tremendous confidence.
