

WESTON COLLECTION / MILAN COLLECTION

FRAME

The Weston group is made of very durable European Hardwoods, Spruce and Beech. We wrap the frame with additional foam padding which will make the sides and backs very soft to the touch.

SUSPENSION

We incorporate nine gauge sinuous **NO SAG** springs in the seating deck of this group. This is a very heavy gauge spring. You will find that each seat will have five springs stretched two inches apart, which will give the consumer years of strength and durability.

SEAT CUSHIONS

The Weston group is beautifully designed with fixed (sewn in) seating. The seat cushions contain 2.0 density (highest quality) foam cores with a very light and super soft Dacron topper for perfect comfort.

BACK CUSHIONS

The back cushions are also fixed (sewn in). You will find the back cushions to be very, very soft and comfortable as we fill them each completely with 100% super soft Dacron. You will discover that this material will envelope you and hold consistency year after year.

LEATHER

We only use 100% GENUINE Italian leather on all of our collections. We stock the Weston group in a beautiful, cherry leather. This leather has so much character. It is "sauvage" in nature, which means you will find highlighted and slightly clouded cherry color hues moving all through the leather. The leather is semi aniline which means we incorporate a polyurethane protective finish in addition to beautiful colorful character.

KEY POINTS

The Weston group has always been a best selling group. The cherry color is just the perfect shade of red. This group also has the "diamond" seat and back cushions and it is a true "classic" style in every sense of the word.
